

Apsley Sprung Door Handle – Bronze

14974

The tapered lever handle on our Apsley design is sleek and simple, just like the low-profile, screwless rose that we've paired this version with.

The handle comes with a sprung mechanism inside which is strong enough to take the weight of the solid brass and stop it sagging over time. It means you can pair it with any latch.

There's also no danger of it coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Low-profile rose with concealed screws
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
- Sold in a pair
- Must be installed using our [45mm Forstner drill bit](#) and [door handle retro fitting kit](#)
- Dimensions: handle W110mm x H64mm; rose dia. 55mm
- Designed for use with a tubular latch or mortice lock
