

Onslow Short Plate Fixed Door Knob – Antique Brass

15064

Our flat-fronted Onslow door knob is a contemporary alternative to our beehive design.

This version includes a low-profile, short backplate for a slightly bolder look.

It comes with a fixed spindle that's normally used on double doors to give a solid fix to the handle on the inactive door. You can push or pull it, but it won't turn.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Solid brass 4mm backplate with screwless 'front' side
- Longer handle neck for a comfortable grip (compared to rose variant)
- Sold in a pair
- Must be installed using our [12mm template profiler router bit](#) and [flat plate routing jig](#)
- Dimensions: handle W54mm x H60mm; plate H90mm x W40mm x D4mm
- Fixed door handle suitable for use with a roller catch
- Suitable for interior doors only
- Minimum door thickness 35mm; maximum door thickness 50mm (with supplied fixings)
- Accepts 8mm Corston spindle (supplied)
