

## Onslow Unsprung Door Knob – Bronze

19353

Our flat-fronted Onslow door knob is a contemporary alternative to our beehive design.

This version is unsprung, which means you can use it with an existing sprung latch. To make sure it stays easy to turn, we'd recommend using a lightly sprung latch.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.
