

Triple 6x Bipasso Module - Polished Nickel White

38265

We've engineered this triple 6x Bipasso socket to be as sleek as possible.

The polished nickel-finished front plate is just 1.5mm thick and sits flush to the wall. It attaches to the back plate using clips for a screwless look.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes. The plastic insert around the socket itself has a low-sheen, slightly textured finish.

- Patented electrical system engineered to make our signature flush-fit design possible
- Solid brass plate
- Coordinates with our hardware and lighting
- Must be installed with our [triple back box](#)
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
- Dimensions: H80mm x W222mm x D27mm
- Sockets rated to 10A
- 230-250V~50Hz
- Two modules per 45mm aperture
- The plate sits 1.5mm from the wall
- Secured with spring clips to allow for a screwless finish
- Metal die-cast chassis
