

100mm Bathroom Lock - Antique Brass

13744

Secure your doors and add a finishing touch with our range of solid brass locks.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

Matching every part of your door has never been easier.

- Locks come in lengths to match our latches
- Also available in [60mm](#)
- Pair with handles, stops, latches and more for a coordinated look
- Antique Brass takes 1-3 months to darken and mature. The product in this picture is one month old.
