

Ealing Flush Spotlight - Antique Brass

13181

Our wall-mounted Ealing flush spotlight is designed to be directed downwards to illuminate garden paths, flowerbeds and the like.

This version has a larger base that allows the wire connections to be made inside, rather than running out the side of the light.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Made from rustproof solid brass
- Fits a 50mm GU10 bulb
- Suitable for outdoor use
- Rotates 300° and tilts 50°
- Match with any of our other antique brass outdoor lights
- Dimensions: H140mm x W74mm x D140mm; mounting rose dia. 98mm
- Rated IP44 – suitable for outdoor use
- Use with 50mm energy saving GU10 bulb fitting (like our Arthur or Chester), not included
- No driver required
- Connections must be made inside the base. Wires cannot run out of the side of the light.
- Comes with WAGO connectors for quick and easy wiring and testing
