

1G Architrave Two Way Toggle Switch - Clear Bronze

16812

Designed to fit where standard switches can't, this Toggle Switch is the perfect option for between two door frames or inside cupboards.

The clear plate is made from 2mm transparent polycarbonate, which gives the illusion of the outlet being built into the wall.

It comes with a paper template for you to either paint over with your chosen wall colour, or to use as a template for wallpaper.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Patented switch mechanism engineered to give a solid, satisfying click
- Tested to one million cycles to guarantee longevity
- Solid brass controls
- Designed in-house
- Match with [spotlights](#), [door handles](#) and more from the Bronze collection
- We recommend using a [35mm back box](#) with this switch
- Dimensions: H86mm x W40mm x D42mm. The toggle length is 17mm.
- Switches rated to 20A
- 230-250V~50Hz
- Complies with BS EN 60669-1
- The switch plate sits 1.5mm from the wall
- Secured with a metal ring without visible tool marks
- Metal die-cast chassis
