

1G 50mm Module & Double Socket UK Plate - Antique Brass Black

10805

Empty 1Mod 2G13AS Antique brass.

All hardware is machined from solid brass which gives a superb level of detail and weight. The plate is pressed from 1.5mm Solid brass sheet, designed to sit extremely flush against the wall.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

2G 13A Socket

- Double Pole contacts for added safety
- Complies to BS1363-2
- 13A 250V~
- Antique brass screws x4
