

1G Intermediate Toggle Switch - Polished Nickel

13618

This polished nickel 1 Gang Intermediate Switch has mirror-like finish that will sit comfortably in both modern and traditional homes.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Patented switch mechanism engineered to give a solid, satisfying click
- Tested to one million cycles to guarantee longevity
- Premium finish with durability and incredible shine
- Low maintenance, simply buff with a cloth
- Hidden fixing for a sleek, flush-mounted profile
- We recommend a 35-47mm mounting box. You can purchase the Corston 47mm mounting box [here](#)
- Dimensions: H86mm x W86mm x D42mm. The toggle length is 17mm.
- Switches rated to 20A
- 230-250V~50Hz
- Complies with BS EN 60669-1
- The switch plate sits 1.5mm from the wall
- Secured with a metal ring without visible tool marks
- Metal die-cast chassis
