

Canning Thumbturn - Bronze

13047

Secure your rooms with discreet but sturdy fittings that match every other part of your interior doors.

They're designed to sit neatly below a [Digby](#), [Harper Sprung](#) or [Harper Unsprung](#) door handle, with a coin turn fixture for the outside.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

Matching every part of your door has never been easier.

- Made from sturdy solid brass
- Comes with 5mm Mortice spindle
- Use with our locks and door handles from the [Bronze collection](#)
