

## Apsley Long Plate Fixed Door Handle - Antique Brass

19926

The tapered lever handle on our Apsley design is sleek and simple, while the low-profile, long backplate gives it a bold, contemporary edge.

It comes with a fixed spindle that's normally used on double doors to give a solid fix to the handle on the inactive door. You can push or pull it, but it won't turn.

There's also no danger of the handle coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Solid brass 4mm backplate with screwless 'front' side
- Sold in a pair
- Must be installed using our [12mm template profiler router bit](#) and [flat plate routing jig](#)
- Dimensions: handle W110mm x H64mm; plate H210mm x W40mm x D4mm
- Fixed door handle suitable for use with a roller catch
- Suitable for interior doors only
- Minimum door thickness 35mm; maximum door thickness 45mm (with supplied fixings)
- Accepts 8mm Corston spindle (supplied)
