

## Onslow Unsprung Door Knob - Polished Nickel

15302

Our flat-fronted Onslow door knob is a contemporary alternative to our beehive design.

This version is unsprung, which means you can use it with an existing sprung latch. To make sure it stays easy to turn, we'd recommend using a lightly sprung latch.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Low-profile rose with concealed screws
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
