

## Onslow Fixed Door Knob - Antique Brass

16095

Our flat-fronted Onslow door knob is a contemporary alternative to our beehive design.

This version of Onslow comes with a fixed spindle. It's normally used on double doors to give a solid fix to the handle on the inactive door. You can push or pull it, but it won't turn.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Low-profile rose with concealed screws
