

Barlow Furniture Knob - Polished Nickel

14715

This small and simple cabinet handle works well on any furniture.

Use it on its own for smaller cupboards or double up for wider drawers.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

It matches perfectly with our [Poplar Mortice Door Knob](#) which has similar fine reed detailing.
