

## Poplar Unsprung Door Knob - Polished Nickel

18687

Our Poplar design in polished nickel is our take on the classic Victorian beehive knob.

We've streamlined things, giving it a flatter knob and low-profile 'screwless' rose (the screws are hidden inside). It'll work great in period homes with a contemporary edge, or new homes that want to bring in a traditional touch.

This version of Poplar is unsprung, which means you can use it with an existing sprung latch. To make sure it stays easy to turn, we'd recommend using a lightly sprung latch.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Made from solid brass
- Super smooth turn thanks to self-lubricating, high-tolerance bushings
- Sold in a pair
- Dimensions: knob dia. 55mm x H61mm; rose dia. 55mm
- Designed for use with a tubular latch or mortice lock
- Suitable for interior doors only
- Minimum door thickness 35mm; maximum door thickness 45mm (with supplied fixings)
- Accepts 8mm Corston spindle (supplied)
