

## Poplar Fixed Door Knob - Bronze

14373

Our Poplar design in Bronze is our take on the classic Victorian beehive knob.

We've streamlined things, giving it a flatter knob and low-profile 'screwless' rose (the screws are hidden inside). It'll work great in period homes with a contemporary edge, or new homes that want to bring in a traditional touch.

This version of Poplar comes with a fixed spindle. It's normally used on double doors to give a solid fix to the handle on the inactive door. You can push or pull it, but it won't turn.

There's also no danger of the knob coming away in your hand – the spindle is threaded onto the handle which holds it in place.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Made from solid brass
- Low-profile rose with concealed screws
- Sold in a pair
- Dimensions: knob dia. 55mm x H61mm; rose dia. 55mm
- Suitable for interior doors only
- Minimum door thickness 35mm; maximum door thickness 45mm (with supplied fixings)
- Fixed door knob suitable for use with a roller catch
- Accepts 8mm Corston spindle (supplied)
