

Double Metal Back Box 47mm

15774

The key ingredient for achieving a modern flush fit, our extra-deep metal back boxes are spacious enough to accommodate all the internal components for our double switches and sockets. Made from galvanised metal, they are strong and built to last.

- Tougher than plastic, metal boxes are the professional's choice.
- Provides firm screw fixings to achieve a tight, secure fit to the wall.

Specifications

- Dimensions (external): Height 73mm x Width 131mm x Depth 48mm
- Standard mounting distance (120.1mm)
