

## Claremont Small Wall Light Fluted Glass - Polished Nickel

11466

Designed to be used either side of bathroom mirrors or feature frames, the Claremont allows 360 degrees of light. Its long, slim shape looks great in both modern and traditional homes. Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes. This Fluted Glass shade creates a diffused, anti-glare light that looks timeless on your walls.

- Hand blown glass shade. To find out more, see our FAQs below.
