

100mm Strong Latch - Polished Nickel

15926

Our strong latch will keep your door tightly closed. It's engineered with strong springs, so it's ideal for use with unsprung lever door handles.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Polished nickel-finished face plate and strike plate made from solid brass
- Use with our unsprung lever door handles
- Strong sprung
- 60mm strong latch also available
- 100mm backset
- Two-way action
