

100mm Light Latch - Bronze

12336

Our light latch will keep your door tightly closed. It's engineered with light springs, so it's ideal for use with sprung lever door handles and unsprung door knobs.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Bronze-finished face plate and strike plate made from solid brass
- Use with our sprung lever door handles and unsprung door knobs
- Light sprung
- 60mm light latch also available
- 100mm backset
- Two-way action
