

Perryn Small Single Spotlight (35mm) - Polished Nickel

17009

The electric connections in the Perryn Small Single Spotlight are tucked away, while a spring mechanism secures the mounting plate to a plasterboard ceiling.

Its smooth ball joint rotates 320° and tilts 180° to light up specific areas of a room.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Fits a 35mm bulb
- Match with any of our polished nickel switches and sockets
- Dimensions: Shade, L88mm x Dia. 42mm; mounting plate, L230mm x W50mm
- Rated IP20 - suitable for kitchen use and in Zone 3 of bathrooms
- Cut out hole 40mm x 2, recess depth 60mm.
- Installed on a solid brass mounting plate, with four internal sprung clips to hold in place
- Use with 35mm energy saving GU10 bulb, not included
- Only suited to installation on a plasterboard surface with sufficient void behind
- No driver required
- Cable length: 200mm
- Dimmable
