

Perryn Double 50mm Spotlight - Bronze

19848

The electric connections in the Perryn double ceiling spotlight are tucked away, while a spring mechanism secures the mounting plate to plasterboard.

Its smooth ball joint rotates 320° and tilts 180° to light up specific areas of a room.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Fits two 50mm bulbs
- Also available in [35mm](#)
- Match with any of our bronze [switches and sockets](#)
- Dimensions: Shade, L88mm x Dia. 42mm; mounting plate, L230mm x W50mm
