

Baylis Single 50mm Spotlight - Bronze

13449

The Baylis single ceiling spotlight sits neatly with a small rose and discreetly set screws.

Its smooth ball joint rotates 320° and tilts 180° to light up specific areas of a room.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.
