

Baylis Double 50mm Spotlight - Polished Nickel

10257

The Baylis double ceiling spotlight sits neatly with a small rose and discreetly set screws.

Its smooth ball joint rotates 320° and tilts 180° to light up specific areas of a room.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Fits two 50mm bulbs
- Comes with WAGO connectors for quick and easy wiring and testing
- Also available in [35mm](#)
- Match with any of our polished nickel [switches and sockets](#)
