

8x USB-C Ports Socket - Bronze Black

17339

Charge your devices from eight USB C ports with this sleek fitting that sits flush against any wall.

The clear plate is made from 2mm transparent Perspex, which gives the illusion of the outlet being built into the wall.

It comes with a paper template for you to either paint over with your chosen wall colour, or to use as a template for wallpaper.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

The black inserts work best with dark toned walls.

- We recommend using a [47mm back box](#)
- Dimensions; H86mm x W146mm x D35mm
- Die-cast metal module chassis
- 8 x USB C Port
- 5V 2100mA~
