

TV Aerial + HDMI + CAT6 Socket - Polished Nickel White

13410

This switch groups up your HDMI and CAT6 with two satellite connections and a TV and FM aerial.

The Cat 6 outlet lets you connect an Ethernet cable for fast internet speeds. Then connect your audio visual systems via the HDMI outlet while keeping cable clutter to a minimum.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

Choose sockets with white inserts for a complementing finish that works well with pale or neutral accents.

- Made from solid brass
- Designed in-house
- Match with [spotlights](#), [door handles](#) and more from the polished nickel collection
- We recommend using a [35-47mm back box](#)
- Dimensions; H86mm x W146mm x D36mm
- Cat6 Rj45 Ethernet outlet.
- Female to female HDMI with 100mm flex
- IDC terminations for the CAT6 module
