

2G Blank Plate - Clear White

17581

During most projects there'll be a time when a junction box is needed. Using the 2G Corston blank plate means you can continue to coordinate your chosen finish throughout your home. The clear plate is made from 2mm transparent polycarbonate, which gives the illusion of the outlet being built into the wall. It comes with a paper template for you to either paint with your chosen wall colour or to use as a template for wallpaper.

- Designed in-house
- Also available with black inserts
- Match with other [Clear Switches and Sockets](#)
- We recommend using a [35-47mm mounting box](#)
- Dimensions; H86mm x W146mm x D9.5mm
- Die Cast Metal Chassis
