

## Double Socket + USB A+C Fast Charge - Bronze Black

18166

Charge your phone and other devices from the comfort of your bed with this combination socket.

The integrated USB module will fast charge your technology. Then connect your lamps or other appliances to the two standard plug sockets with switches.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.
