

1G Blank Plate - Bronze

15142

During most projects there'll be a time when a junction box is needed. Using the Corston blank plate means you can continue to coordinate your chosen finish throughout your home. All hardware is machined from solid brass which gives a superb level of detail and weight.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.
