

Clifton Half Moon Door Stop - Polished Nickel

19055

Protect your walls, skirtings and doors with the crescent shaped Half Moon Door Stop.

Made from solid brass, the softer plate will gently stop your door from banging into any surrounding furniture.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

Matching every part of your door has never been simpler.

- Comes with all screws and fittings
- Match with door handles, locks, latches and thumbturns from the [Polished nickel collection](#)
