

## 45A Cooker Switch - Bronze Black

12548

This Cooker Switch is ideal for high current appliances such as double ovens and induction hobs, and can be matched with all your other kitchen switches.

All our plates are machined from solid brass which gives a superb level of detail and weight.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Made from solid brass
- Designed in-house
- Match with [spotlights](#), [door handles](#) and more from the Bronze collection
- We recommend using a [35-47mm back box](#) with this switch
- Dimensions; H86mm x W86mm x D37mm. Switch height is 7mm
- Die-cast metal chassis
- 45A 250V~
- Complies with BS EN 60669-1
