

## Onslow Sprung Door Knob - Polished Nickel

10857

Our flat-fronted Onslow door knob is a contemporary alternative to our beehive design.

The knob is sprung, which means you don't need to rely on the latch's spring for its movement.

There's also no danger of it coming away in your hand – the spindle is threaded onto the knob which holds it in place.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.
