

Two Way Toggle Switch - Antique Brass

12235

Two-way toggle switch can be installed as 1-way or 2-way operation.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Patented switch mechanism engineered to give a solid, satisfying click
- Tested to one million cycles to guarantee longevity
- Rated to 20A
- 20AX 250V
- Complies with BSEN60669-1
- All hardware is made from brass
