

Southbank Casement Window Handle With Plate Left - Bronze

15477

We've designed our Southbank window handles for use with timber casement windows.

This version has a two-part handle mechanism with a catch that's designed to be recessed into the side of the window frame.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Made from solid brass
- Left-hand variant
- Reeded end cap detail
- Sold individually
- Handle length 125mm
- M4 wood screws included
