

## Barlow Furniture Knob - Bronze

18202

Our timeless and tactile Barlow knob works well on kitchen cabinetry, wardrobes, and other joinery and furniture.

Use this version for smaller cupboard doors and drawers, or on designs where you want a more discreet look.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.
