

Triple USB 30W & 2x Schuko Module Round - Antique Brass Black

33834

We've engineered this socket to be as sleek as possible.

The antique brass-finished front plate is just 1.5mm thick and sits flush to the wall. It attaches to the back plate using clips for a screwless look.

You can fast-charge up to two USB-C devices with this socket, which also includes two standard schuko power sockets.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box. The plastic insert around the socket itself has a low-sheen, slightly textured finish.

- Patented electrical system engineered to make our signature flush-fit design possible
- Solid brass plate
- Coordinates with our hardware and lighting
- Must be installed with our [triple back box](#)
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
- Dimensions: H80mm x W222mm x D48mm
- 100-240V~50Hz
- The switch plate sits 1.5mm from the wall
- Secured with spring clips to allow for a screw-less finish
- Metal die-cast chassis
- USB PD output; 5V~3A, 9V~3A, 12V~2.5A, 20V~1.5A
