

Triple Toggle & 2x Schuko Module Round - Clear Polished Nickel White

39140

We've engineered this triple toggle switch and 2x Schuko socket to be as sleek as possible. It's a great option for your bedside or kitchen.

We make our clear collection from polycarbonate, which is more flexible and durable than the usual acrylic. The toggle is made from solid brass in our polished nickel finish.

Use a two-way switch where you want to simply turn a circuit on and off. You can have up to two of these on one circuit. To control the circuit from three or more places, add an intermediate switch.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes. The white plastic inserts around the sockets have a low-sheen, slightly textured finish.

- Patented electrical system engineered to make our signature flush-fit design possible
- Transparent polycarbonate front plate
- Works with paint or wallpaper
- Streamlined toggle with a satisfying click
- Must be installed with our [triple back box](#)
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
- Dimensions: H80mm x W222mm x D45mm; toggle length 15mm
- Switches & sockets rated to 16A
- 230-250V~50Hz
- Complies with IEC 60669-1
- The plate sits 2mm from the wall
- Metal die-cast chassis
