

Brookfield Medium Pendant Light Opal Glass - Antique Brass

16140

Our Brookfield pendant has an elegantly curved, three-tiered shade and a solid brass bulb holder. It'll make a subtle statement without outshining other design features in your space.

The milky white opal glass is glossier than fine porcelain, but the light it emits is just as warm, atmospheric and free from glare.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.
