

## Brookfield Large Pendant Light Opal Glass - Bronze

16657

Our Brookfield pendant has an elegantly curved, three-tiered shade and a solid brass bulb holder. It'll make a subtle statement without outshining other design features in your space.

The milky white opal glass is glossier than fine porcelain, but the light it emits is just as warm, atmospheric and free from glare.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Hand blown glass shade. To find out more, see our FAQs below.
