

Double 4x Switch Plate EU – Paintable

35860

Using our components, you can create any combination of switches that you need.

This paintable double 4x switch plate works with any four of our toggle switches. If you'd like to add a rotary dimmer switch, you'll need to use our double 2x switch plate.

- Patented electrical system engineered to make our signature flush-fit design possible
- Made from solid brass
- Etch primer allows paint to adhere well for a seamless custom finish
- Ultra-slim 1.5mm, flush-fit plate
- Screwless face
- Must be installed with our double back box
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
- Metal die-cast chassis
- Finished in etch primer
- Can be fitted horizontally or vertically
