

Kilburn Furniture Handle 384mm - Polished Nickel

10629

This simple design looks great on all utility cabinets and drawers.

The slimline back plate is discreet but will still protect your furniture from finger marks or scratches.

Match with the [Kilburn Furniture Knob](#) on smaller cabinets for a uniformed look.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.
