

Bayswater Furniture Knob - Polished Nickel

12334

Made for both minimalistic and detailed furniture, the Bayswater Furniture Knob is a simple but sturdy design.

Use it on its own for smaller cabinets or double up for wider drawers.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

This knob matches perfectly with our [Sycamore Furniture Handle](#) which has a similar rounded design.
