

## Harper Single Pull Handle with Plate 500mm - Polished Nickel

19226

Ideal for doors that don't need sprung latches to open and close, the Harper Single Pull door handle is a simple design.

The backing plates will protect your doors from finger marks and scuffs.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

- Comes with threaded nuts designed for use on wooden doors
- Made from solid brass
- Match with coordinating hinges, thumb turns, locks and doorstops from the [polished nickel collection](#)
- Mounting Kit included for installation on wooden doors.
- 8mm Allen Key required for installation.
- Please find information for installation on our instructions page.
