

Triple 3x Switch Plate EU - Clear

39391

Using our components, you can create any combination of switches that you need.

This clear triple 3x switch plate works with any three of our rotary dimmer switches or toggle switches.

We make it from polycarbonate, which is more flexible and durable than the usual acrylic.

- Patented electrical system engineered to make our signature flush-fit design possible
- Ultra-slim 2mm, flush-fit plate
- Screwless face
- Can be fitted horizontally or vertically
- Must be installed with our [triple back box](#)
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
