

Intermediate Toggle Switch EU - Bronze

39414

Using our switch components, you can create any combination of plate and switch that you need.

Combine this bronze intermediate switch together with two-way switches on a lighting circuit that you control from three or more places.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights.

- Patented electrical system engineered to make our signature flush-fit design possible
- Made from solid brass
- Engineered for a satisfying click
- Must be used with our plates and [back boxes](#)
- You'll also need our 9mm render trim for brick walls or 3mm plaster trim for skimmed plasterboard
- Use our precisely sized brick or plasterboard hole saw for easy installation
