

Claremont Small Wall Light Fluted Glass - Bronze

10996

Designed to be used either side of bathroom mirrors or feature frames, the Claremont allows 360 degrees of light. Its long, slim shape looks great in both modern and traditional homes.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matt brown colour that's almost black in some lights. This fluted glass shade creates a defused, anti-glare light that looks timeless on your walls.

- Hand blown glass shade. To find out more, see our FAQs below.
