Harper Single Pull Handle with Plate 500mm

Antique Brass 13329

Ideal for doors that don't need sprung latches to open and close, the Harper Single Pull door handle is a simple design.

The backing plates will protect your doors from finger marks and scuffs.

Antique brass is what's called a 'living' finish because it reacts to the air and moisture around it, causing it to darken (especially in the areas you touch most). We've given it a head start by ageing it by hand, so it has that antique look right out the box.

- Comes with threaded nuts designed for use on wooden doors
- Made from solid brass
- Match with coordinating hinges, thumb turns, locks and doorstops from the [Antique Brass collection](#)

Min. thickness : **35mm**

Suitable door material: **Wood**
