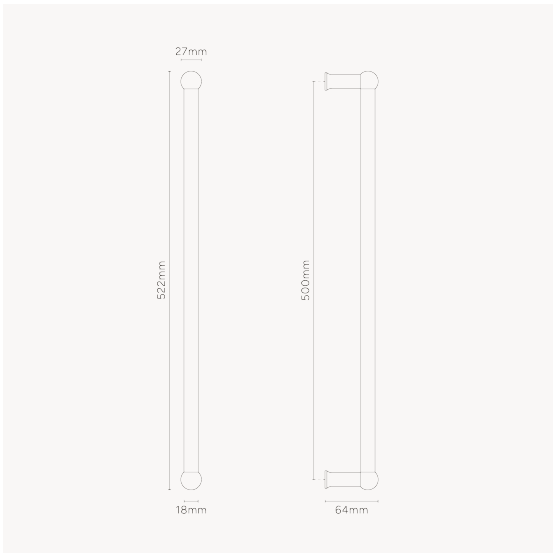
CORSTON
ARCHITECTURAL DETAIL



Harper Double Pull Handle Large

Bronze 16695

Designed for doors that open two ways and don't need to latch or lock, our Harper double pull handle is refined and robust.

This larger version is perfectly proportioned (and offers great grip) for bigger, heavier doors.

Bronze is our boldest finish, but it isn't shiny or bright, so it has a subtle side to it too. It's a deep matte brown color that's almost black in some lights.

- Made from solid brass
- Subtle ball-joint detailing
- Double-sided fixings for back-to-back installation
- Designed for use on wooden, metal, and glass doors (comes with rubber washers for secure installation on glass)

Suitability : **Interior and exterior doors**

Suitable door material: **Wood, glass and metal**
