

## Richmond Medium Wall Light Fluted Glass

Polished Nickel 10716

Our Richmond wall light is a great addition to any garden. It's also ideal for either side of a bathroom mirror or as a bedside downlight.

This version is larger, but still perfectly proportioned. It has a greater presence when used on its own in high-ceilinged or bigger rooms.

The fluted glass shade allows for 360-degree lighting and creates a timeless feel.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.
