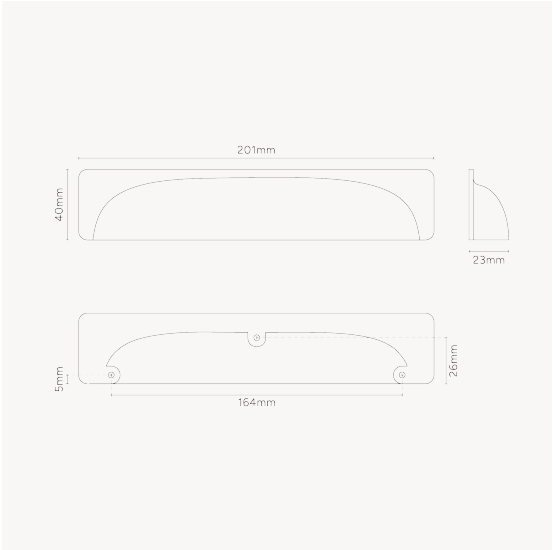
CORSTON
ARCHITECTURAL DETAIL



Elm Cup Handle 164mm

Polished Nickel 12221

These traditional cup handles have a familiar feel and will sit well on both simplistic and detailed furniture.

This longer handle works well on bigger drawers and pantry doors.

Polished nickel is our answer to chrome. It's a bit warmer, which we think is more versatile, so you can use it with warm or cool colour palettes.

 • Screwless design
 • Made from solid brass
 • Comes with M4x snap off screws to fit 12-20mm drawers and doors. You can buy longer snap off screws from our spares page
 • Match with hooks, shelf brackets and switches from the Polished nickel collection

Screws supplied : **M4 snap-off screws**

Hole spacing : **164mm**
